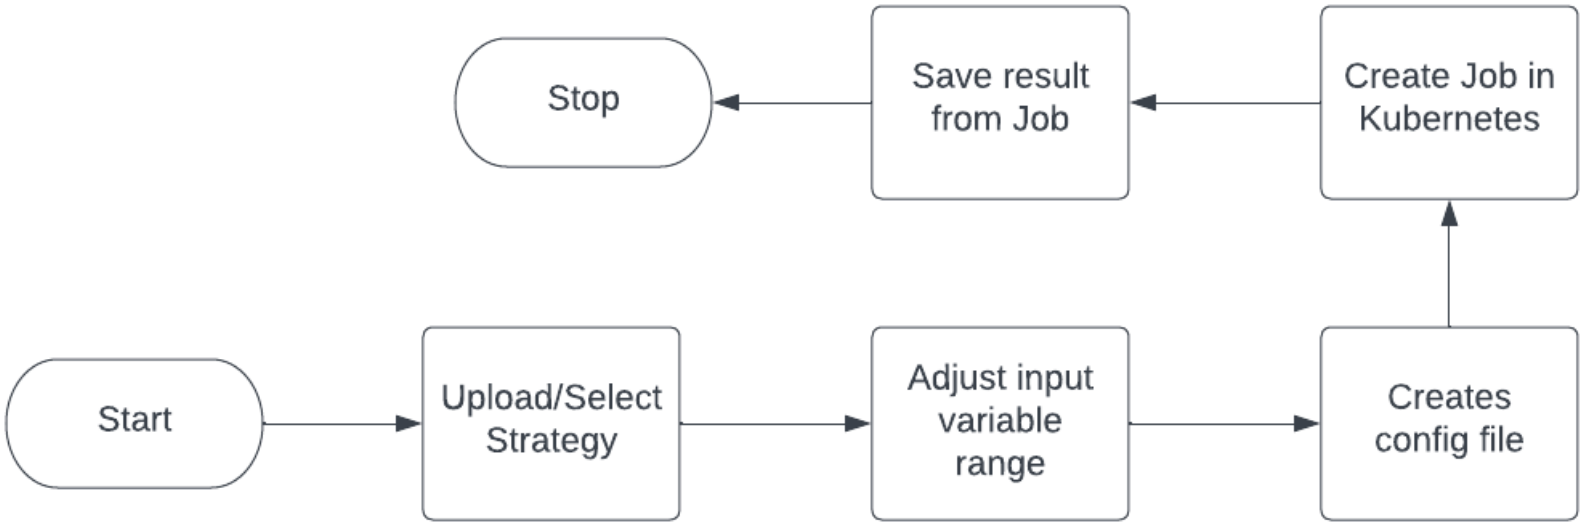
User stories sprint 4

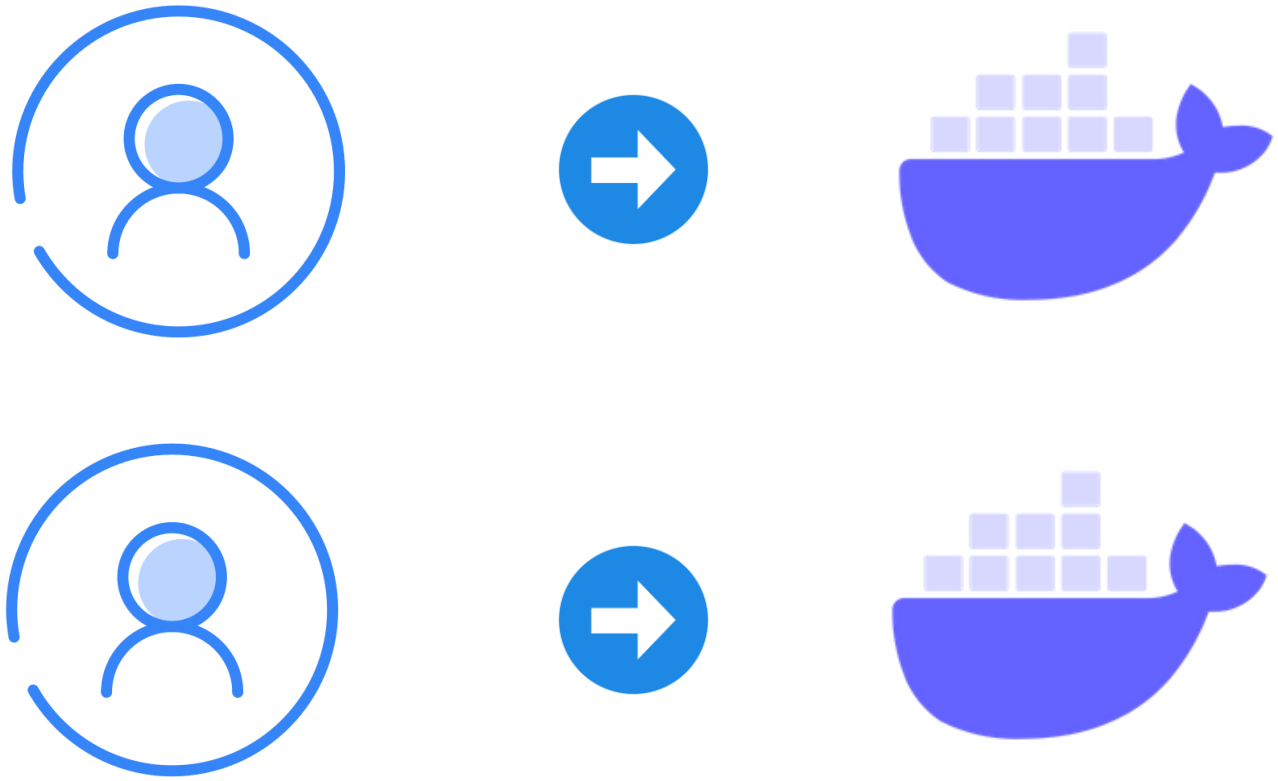
- ✓ As the system I want to scale the amount of tests that run so a user can easily run a lot of tests
- ✓ As a trader i want to be able to run a strategy test so i can test strategies
- ✓ As a trader I want the test results to be saved in a database so I can always look them back up again.
- ✓ As a user I want to select certain strategies so I can choose which strategies to test

- ❑ As a trader I want to see test results on the platform

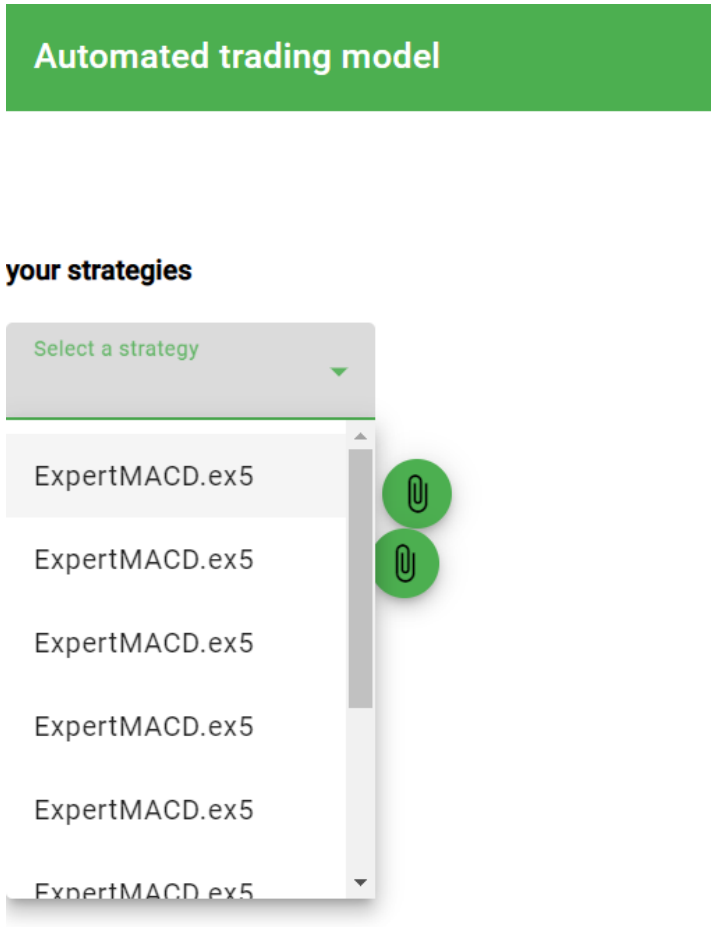
As a trader I want to be able to run strategy test so I can test strategies

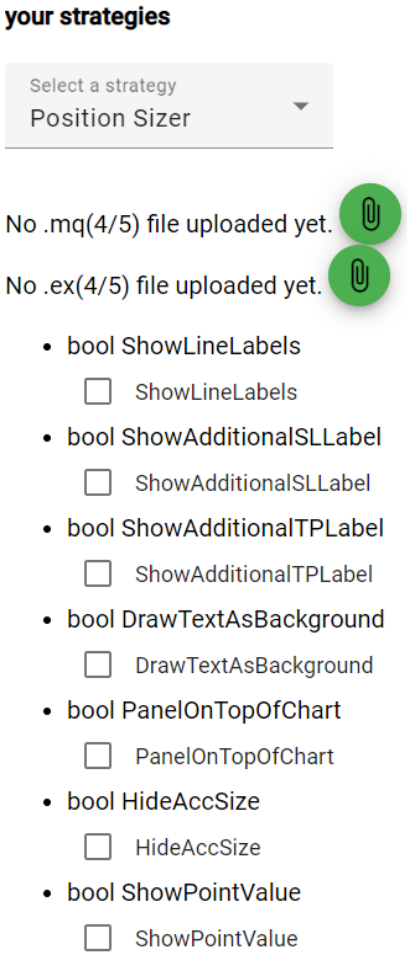


As the system I want to scale the amount of tests that run, so a user can easily run a lot of tests



As a user I
want to select certain strategies so I can choose which strategies to test





As a trader I want the test results to be saved in a database so I can always look them back up again.

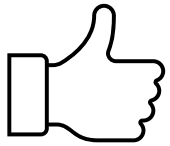
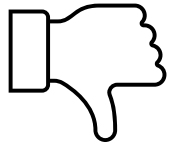
New to Compass and don't have a cluster?
If you don't already have a cluster, you can create one for free using MongoDB Atlas

Reflectie



- Flow af
- Transformeren van report naar data
- Eindstand product



- Niet aan advice toegekomen
- Niet alle user stories helemaal kunnen implementeren

Sprint 5 planning

- ❑ Documentatie
- ❑ Overdraagbaarheid
